Report of Committee on Plowing Driveways

The Committee recommends that the Town set a deadline date of December 1 for driveway plowing fees to be paid ;

that notices be sent to all property holders a month in advance of December 1, together with a form which must be returned with the fee for each driveway, which will show name of occupant and exact location of driveway to be plowed ;

that anyone requesting driveway plowing after December 1 must pay the cost of opening his driveway for the first time as well as the annual fee.

The Committee finds that the present driveway fee is substantially less than the average actual cost involved in doing the work, which is estimated to be approximately \$30 apiece ;

that, on the average, it costs substantially more to plow driveways for commercial establishments than for private driveways, because of the need to keep plowing them during storms so that business can go on, because of the extent of the area to be plowed, and because of the distance the snow must be moved.

**To the Board of Selectmen of the Town of Moultonboro,
New Hampshire:**

In accordance with your request, we have performed an examination and audit of the financial affairs of the Town of Moultonboro (exclusive of the Moultonboro School District) for the calendar year 1968. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such audit procedures as we considered necessary under the circumstances.

In our opinion the statement of current working assets and liabilities as reflected in the annual report of the Town of Moultonboro, as at December 31, 1968, (exclusive of the Moultonboro School District) and the statement of receipts and disbursements of the Town of Moultonboro, (exclusive of the Moultonboro School District) and the results of budget operations for the year 1968, present fairly the financial position as at December 31, 1968, and the results of budgetary operations for the year then ended in conformity with generally accepted accounting principles, applicable to governmental operations in New Hampshire, applied on a basis consistent with that of the prior year.

Librarian's Report

Again the statistics of Moultonboro Library show a substantial increase over the previous year.

The School Library Branch is in its tenth year of service with Mrs. Isabelle Behr, Mrs. Hazel Dale and Mrs. Marguerite Gruner in attendance. This year the school library circulated 6,843 books on Monday afternoons.

The library has received the donation of several fine books. Among the donors were Mr. and Mrs. Stanley Heath, Mrs. Freda Hayden, Mrs. Harold Munroe, Mrs. Annie Wallis, and several others.

Memorial books were presented in memory of Mrs. Inez Aston by her daughter Mrs. Charles McGinnis, Harold Edwards and Myrtle Dodge by The Moultonboro Historical Society, Minnie Gordon and Myrtle Dodge by the W. S. C. S., Harvey Moulton by the Library Trustees, Steven Martin by the Roger Person Family, and by John Taylor.

The Trustees joined the Statewide Library Development Program, thus the Moultonboro Library was eligible to receive and did receive \$100.00 of reference books. Also the library is eligible to purchase books through cooperative buying, and the librarian has been able to attend numerous worthwhile meetings. And best of all the Moultonboro Library is eligible to receive a grant of \$20,000 for its building program.

As townsfolk can see, the addition to the library has not been completed, due to various difficulties. But, hopefully, by Summer there will be a change underway.

The Trustees have accepted with thanks a fund to be known as The Captain Steven W. Martin Fund. This is an open fund and the trustees and friends of Captain Martin hope that the fund will be enlarged from time to time. The interest from this fund will be used to buy for the library, various types of books in the fields of his interests.

The library now has ready for borrowing 140 recordings which have been given by the Columbia Record Company and

the RCA Record Company. The Moultonboro Library is maintained by the town for the purpose of being a center where books may be borrowed for all ages and on nearly any subjects.

The library statistics are:

Circulation	1968	1967
Fiction	4617	4256
Non-fiction	2933	2518
Juvenile	3146	2767
Magazines	437	357
Total	<u>11,133</u>	<u>9,898</u>
School branch	6,843	6,106
Grand Total	<u>17,976</u>	<u>16,004</u>

The number of books purchased was 495 and 60 were donated, making a total of 555 books added to the library. Discards numbered 269.

The library hours at this time are:

Sept. 1 - July 1	
Wed. and Sat.	2 - 4 p. m. and 7 - 8 p. m.
July and August	
Mon., Wed. and Sat.	2 - 4:30 p. m. and 7 - 8 p. m.

Planning Board Report

At our first meeting after the 1968 Town Meeting senior Selectman Frank McIntire joined the Planning Board as an ex officio member. It was at this time that the five members discussed and suggested a list of possible names from which the selectmen could appoint two delegates to the Lakes Region Planning Commission as per the article voted on at town meeting. Mr. Charles Dockham and Mr. John Dodge, the appointed members, are representing Moultonboro at the Regional meetings.

Your Planning Board was the guest of the Center Harbor Planning Board in May and in January we attended a Conservation Commission meeting where Mr. F. V. Barker from the U. of N. H. spoke on how we can work with the commission to better our town.

The summer months were spent touring Moultonboro looking over the rapidly growing developments. We feel there are ordinances which need to be enacted and the Board plans to make a study of them this year.

As you all know there is an Intent to Build Ordinance which was first discussed in March of 1968 and after many hours of work we came up with a recommendation to the selectmen that such a law be put into effect. It is our hope that the ordinance will be a great help for the officers of the town in locating new taxable buildings as well as septic tank installations.

Our last meeting before this report went to press was held on February 13th with the selectmen and Mr. Norman Davis from the U. S. Department of Agriculture. Its purpose was to investigate the cost of a soil map showing the types of soil throughout town, this map would help determine where potential water pollution problems could arise.

Your Planning Board meets on the first and third Thursday of each month and wants one and all to feel free to stop in with any suggestions or just a chat.

Report of Forest Fire Warden & District Chief

New Hampshire is the fastest growing state in the northeast in terms of population increase. It is also an industrialized state and this growth is likely to continue, all of which means more families and homes. Our growing summer population is scattered throughout the state with a phenomenal increase in vacation homes.

Many new homes and practically all cottages are being located in woodlands and abandoned fields and forests crowd into the back yards of our village streets. In a state where the forests cover 86% of the land surface, it is necessary that everyone be aware all through the season, which comes with the disappearance of the snow until the snow comes again of the need to be careful with outdoor fires and fire sources.

The following action will help:

1. To teach our children the danger of lighted matches.
2. To never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn—
 - a. You need a written permit from the town fire warden for all debris burning except when the ground is covered with snow. Cooking fires in outdoor fireplaces or in charcoal brasiers in your own back yard is permitted on notification of the warden.
 - b. The warden is forbidden by regulation to allow burning of household rubbish on grass by householders between 9:00 A. M. and 5:00 P. M.
 - c. Have equipment on hand to control the fire before you light the match.
4. Promptly report any fire out of control to your fire warden or fire department.

Help to keep our town out of the fire occurrence column and save our tax dollars for useful purposes.
